Spanish–English Speaking Lawyers provides practitioners and students of law, in a variety of English- and Spanish-speaking countries, with the information and skills needed to successfully undertake competent comparative legal research and communicate with local counsel and clients in a second language. Written with the purpose of helping lawyers develop the practical skills essential for success in today’s increasingly international legal market, this book aims to arm its readers with the tools needed to translate unidirectional legal terms and contextualize the legal concepts and practices used in foreign legal systems. Comparative Law for Spanish–English Speaking Lawyers / Derecho comparado para abogados anglo–e hispanohablantes, escrita en inglés y español, persigue potenciar las habilidades lingüísticas y los conocimientos de derecho comparado de sus lectores. Con este propósito, términos y conceptos jurídicos esenciales son explicados al idioma del análisis rítmico y transversal de selecciones juridicas hispano–e inglesas. El libro pretende con ello que abogados, estudiantes de derecho y traductores puedan trabajar en una segunda lengua con solvencia y conciencia de las diferencias jurídicas y culturales que afectan a las relaciones con abogados y clientes extranjeros. La obra se complementa con ejercicios individuales y en grupo que permitan a los lectores reflexionar sobre estas divergencias.

The Evolution of Global Internet Governance-Runa Radz 2014-03-25 The volume explores the consequences of recent events in global Internet policy and possible ways forward following the 2012 World Conference on International Telecommunications (WCIT-12). It offers expert views on transformations in governance, the future of multistakeholderism and the balance of cybersecurity. Based on the varied backgrounds of the contributors, the book provides an interdisciplinary perspective drawing on international relations, international law and communication studies. It addresses not only researchers interested in the evolution of new forms of transnational governance, but also practitioners who wish to get a scholarly reflection on current regulatory developments. It notably provides firsthand accounts on the role of the WCIT-12 in the future of Internet governance.

Research Methods in Human Rights-Børk Andressen 2017-05-26 Methodological discussion has largely been neglected in human rights research, with legal scholars in particular tending to address research methods and methodological reflection implicitly rather than explicitly. This book advances thinking on human rights methodology, offering instruction and guidance on the methodological options for human rights research. Privatisation and Human Rights in the Age of Globalisation-Pepe Gómez has 2005-01 “University of Deusto, Institute of Human Rights Pedro Arregui; Maastricht Centre for Human Rights,” State Governance of Mining, Development and Sustainability-Tracy-Lynn Field 2019 States in mineral-rich jurisdictions must promote mining as a development industry just as they must protect people and environment from the worst excesses of extraction. State Governance of Mining, Development and Sustainability explores how the State’s role in facilitating a developmental and sustainable mining industry has been defined. In doing so, this article book considers the impact of the policies and laws of mineral-rich States themselves, multilateral international governance institutions, industry associations, and environmental justice advocates in the areas of property relations, mineral taxation, environmental management and mine closure.

Economic Perspectives on Craft Beer-Daniel Thaler 2011-09-14 This book investigates the birth and evolution of craft breweries around the world. Microbrewery, brewpub, artisanal brewery, beers, the beer industry, are terms referred to a new kind of production in the brewing industry contraposed to the mass production of beer, which has started and diffused in almost all industrialised countries in the last decades. This project provides an explanation of the entrepreneurial dynamics behind these new firms from an economic perspective. The product standardisation of large producers, the emergence of more differentiated demand and set of consumers, the effect of contagion, and technology aspects are analyzed as the main determinants behind the "revolution". The work study perspective makes the project distinctive, presenting cases from many relevant countries, including the USA, Australia, Japan, China, UK, Belgium, Italy and many other EU countries. Beyond the Roof of the World: Jan Koen 2011-07-28 Beyond the Roof of the World is a benchmark in communication studies. It addresses not only researchers interested in the evolution of new forms of transnational governance, but also practitioners who wish to get a scholarly reflection on current regulatory developments. It notably provides firsthand accounts on the role of the WCIT-12 in the future of Internet governance.
